

## CLEANSING MILK FOR OILY SKIN

### Action:

Due to its balanced content of fat substances, it is recommended for normal skin too. It cleans any impurity and make-up and the sebum excess. It maintains the lipo-hydric balance of the skin. It delays the natural aging of the skin and it also prevents its premature aging.

### Effects:

It leaves the skin clean, with a freshness and comfort sensation.

### Apply:

Apply daily in the morning and in the evening, on the face and neck, or during the day, whenever it is necessary to reapply make-up. Spread it uniformly, massaging with your fingertips. Remove through soft cleansing, using a sterile cotton pad or cleansing napkins. After, fortify your complexion using Gerovital H3 Prof. Dr. A. Aslan tonic lotion for oily skin.

**Size: 100 ml**
