

CELLULITIS DEFYING CREAM

Action:

It scatters the adipose subcutaneous peripheral deposits. It decreases the frailty of the capillary vessels. It prevents the aging of the skin and it recovers the tonus, firmness and suppleness of the skin.

Effects:

It substantially decreases the lipid deposits that cause the "orange peel" aspect. It leaves the skin smooth, firm and elastic.

Apply:

Apply it daily on areas with cellulite or predisposed to it, massaging vigorously for 10 minutes.

Size: 100 ml
GH3LUCDC015

HAND CREAM

Action:

It regulates the pH of the skin to normal values. It moisturizes deeply. It softens and smoothens the skin and it protects against UV solar radiation. It protects the skin against excessive dehydration caused by using detergents. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

It leaves the skin smooth, elastic and soft.

Apply:

Apply it on freshly washed hands, massaging gently. It is quickly absorbed by the skin without leaving any unpleasant sensation of oily.

Size: 100 ml

BODY MILK

Action:

It is quickly absorbed by the skin. It moisturizes and it regulates the pH of the skin. It maintains the lipo-hydric balance of the skin. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

It moisturizes, softens and increases the suppleness of the skin. It is quickly absorbed by the skin and therefore immediate wearing is possible.

Apply:

Apply it daily after shower or bath, all over the body, massaging gently.

Size: 200 ml

MASSAGE CREAM

Action:

It prevents the premature aging and it delays the natural aging of the skin. It restores the firmness and tonicity of the skin. It activates the blood circulation at the peripheral level and it increases the suppleness and softness of the skin. It maintains the lipo-hydric balance and the pH of the skin within normal limits.

Effect:

It fortifies, softens, relaxes and increases the suppleness and the firmness of the skin.

Apply:

Apply 2 or 3 times a week, all over you body. Massage it vigorously for at least 10 minutes. It is highly recommended for body care during pregnancy, after losing weight and after lengthy sun exposure.

Size: 100 ml
