

HAIR LOTION

Action:

It prevents hair loss and dandruff. It fortifies the hair root and stops hair loss when it is caused by the degradation of the hair. It activates blood circulation at the peripheral level and it stimulates the growth and the regeneration of the hair. It prevents the de-pigmentation of the hair.

Effects:

After treatment, dandruff disappears and hair loss decreases within normal limits. The hair regains its color, health and vigor.

Apply:

Apply on dry hair, once every two days, in the evening, for 7 weeks. Gently massage the hair root using a sterile cotton imbued with lotion. After 60 minutes wash the hair with Gerovital H3 Prof. Dr. A. Aslan shampoo+conditioner for frequent use 2 in 1.
