

**Size: 50 ml**  
EYSOCRRE

## EYE SOOTHING CREAM

**Action:**

It protects the skin around the eyes against the solar radiation. It has a comforting and anti-inflammatory action. It delays the natural aging of the skin and it also prevents its premature aging.

**Effects:**

It diminishes the appearance of premature wrinkles.

**Apply:**

Apply it in the morning after cleansing massaging very gently.

## EYE SOOTHING GEL

**Action:**

It forms a very thin film on the skin that prevents losing water from the skin and it protects against the aggressive action of the environment. It delays the natural aging of the skin and it also prevents its premature aging.

**Effects:**

The skin becomes relaxed and soft.

**Apply:**

Apply it in the morning after cleansing, alternating with the emollient eye cream.
