

MOISTURIZING DAY CREAM FOR DRY SKIN

Action:

It stimulates cell regeneration and prevents wrinkles. It recovers the lipidic protective layer of the skin and it protects against the UV solar radiation, wind, frost and pollution. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

Use it daily and the skin will regain its natural level of moisture. The complexion becomes brighter, softer, supple and less irritable.

Apply:

Apply it every morning after cleansing with cleansing milk and tonic lotion, on the face and neck. It is an excellent base for daily make-up.

Size: 50 ml
MODADRYRE

NOURISHING NIGHT CREAM FOR DRY SKIN

Apply in the evening after cleansing, by light massage on the face and neck. It nourishes very dry, very devitalized skins and compensates for the natural decline of skin functions, confers a soft, supple and firm appearance to skin.

Size: 50 ml
NONIDRYRE

REGULATING NIGHT CREAM FOR OILY SKIN

Apply in the evening, after cleansing, by light massage on the face and neck. It helps recover the hydrolipidic layer and preserves the supple and elastic character of the epidermis.

Size: 50 ml
RENIOILYRE
