

HAND CREAM

Action:

It softens and smoothens the hand skin. It protects against dehydration, UV solar radiation and environment aggressive action. It diminishes the premature appearance of wrinkles. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

It gives back the skin its freshness, elasticity and natural brightness.

Apply:

Apply it on freshly washed hands. Quickly absorbed, it leaves a pleasant sensation of freshness and comfort.

Size: 50 ml
GH3HACRRE

MASSAGE CREAM

Action:

It activates the blood circulation at peripheral level. It tones the muscles and gives freshness and suppleness to the skin. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

It relaxes and fortifies and it brings a healthy and brighter appearance to the skin.

Apply:

Apply it 2 or 3 times a week, all over your body. Massage energetically for 15-20 minutes. Highly recommended for body care during pregnancy, after losing weight and after lengthy sun exposure.

Size: 100 ml
GH3MACRRE

CELLULITIS DEFYING CREAM

Action:

It decreases the lipid deposits that cause the "orange peel" aspect. It decreases the frailty of the capillary blood vessels. It delays the natural aging of the skin and it also prevents its premature aging.

Effects:

It recovers the tonus, firmness and suppleness of the skin and it leaves the skin smooth and elastic.

Apply:

Apply it daily on areas with cellulite or predisposed to it, hard massaging for 10 minutes.

Size: 100 ml
