**ANTI HAIR
LOSS LOTION**

Action:

Shampoo + Conditioner for Frequent Use 2 in 1 for Dry Hair: it cleans without excessively degreasing the hair and the skin.

Shampoo + Conditioner for Frequent Use 2 in 1 for Oily Hair: it maintains the lipo-hydric protective film of the hair.

Sulphur Shampoo for Oily Hair: It prevents seborrhea.

Tar Shampoo for Dry Hair: It contains natural extracts that prevent different skin affections.

Anti Hair Loss Lotion: It fortifies the hair root. It prevents hair loss, dandruff and de-pigmentation and it stimulates the growth and the regeneration of the hair.

Effects:

Shampoo: It nourishes the hair, from its root to its end. It brings back the hair elasticity and natural color. The hair gains brightness and volume.

Lotion: After treatment, dandruff disappears and hair loss seriously decreases and the hair regains its elasticity, brightness, health and natural color.

Apply:

Shampoo: Apply on wet hair daily or whenever necessary, massaging gently for a uniform distribution. Clean it with warm water.

Lotion: For 7 weeks, every two days, in the evening, apply the lotion on fresh cleaned hair (after dry out). Gently massage the roots with a sterile cotton pad imbued with lotion. After 60 minutes wash the hair with Gerovital H3 "Prof. Dr. A. Aslan" Shampoo + Conditioner 2 in 1 for Frequent Use.
